

Coin Packing Machine

New generation of compact and cost efficient sachet machine

PROPACK_BAG

- ➔ compact
- ➔ low noise
- ➔ easy maintenance
- ➔ robust

➔ General Product Information

Compact Design

It offers very compact design compared with traditional coin packing and coin wrapping machines it can also be moved easily

Simple Operation

The user just needs to put coins into the coin hopper and press Start, the machine will pack the coins automatically.

Cost Effective

Compared with traditional packing/wrapping with papers, packing/wrapping with plastic bag saves costs as well as labor cost and helps to increase productivity.

Easy Maintenance

Proven robust hardware and mechanical design, easy access for cleaning and maintenance.

➔ Technical Data

Specifications

Counting speed	≤1800pcs/min (For coins with a diameter of 25mm)
Diameter	14-34.0mm
Thickness	0.8-3.8mm
Hopper capacity	4000pcs
Packing/wrapping speed	≤30packages/min (For coins with a diameter of 25mm.)
Package way	thermos sealing
Packing bag size	Length:100-140mm, Width:100mm
Power requirements	AC 220-240V 50/60Hz
Current	AC 6A
Power consumption	1.2KW
Noise	< 70dB
