Coin100 basic

Coin counting & bagging machine

Coin counting in a cost-effective way

Coin100 basic is suitable for fast counting of persorted coins. The device is extremely user-friendly due to its two-bottom-operation. It only takes one touch to select and adjust one out of 10 different coin denominations.

Coins that are minimum 0,5 mm smaller in diameter than the selected denomination were sorted out automatically. Batch counting is available and the different counting operations can be stored.

Detection

Coin diameter	14 - 34 mm
Coin thickness	0,8 - 3,8 mm
Coin denominations	0 - 9 (10 sorts)
Counting mode	batch counting mode accumulation counting mode

Optional coin tube set
